INTRODUCTION

The purpose of this qualification is to provide the required knowledge, practical skills and workplace-based learning experience to prepare a learner to operate as a Supply Chain Practitioner. A Supply Chain Practitioner develops operational schedules and action plans to coordinate service delivery in the supply chain in accordance with customer/end user requirements and performance objectives and manages relationships with customers/end users and suppliers.

A qualified learner will be able to:

- Develop and coordinate operational schedules for supply chain operational plans.
- Monitor execution of supply chain operational schedules.

Qualified Supply Chain Practitioners are critical to the ongoing performance and improvement of South African supply chain systems in both the public and private sectors.

On completion of the qualification job opportunities would be available in both the public and private sector locally and internationally and provide opportunities for career pathways and life-long learning.

Horizontal Articulation:

- SAQA 111445, Occupational Certificate: Procurement Officer, NQF Level 5

Vertical Articulation:

- SAQA 111357, Occupational Certificate: Supply Chain Manager, NQF Level 6

Employers both in the public and private sector will benefit from appointing qualified workers in terms of increased productivity and ability to be competitive in the local and international market.

MINIMUM ENTRY REQUIREMENTS

NQF Level 4 Qualification with Mathematical Literacy

ADDITIONAL REQUIREMENTS

No additional legal or physical entry requirements are needed

ASSUMED LEARNING IN PLACE

Recognition of Prior Learning (RPL):

- RPL for Access to the Qualification:
Accredited providers and approved workplaces may recognise prior learning against the relevant access requirements.
- RPL for Access to the External Integrated Summative Assessment: Accredited providers and approved workplaces must apply the internal assessment criteria specified in the related curriculum document to establish and confirm prior learning. Accredited providers and workplaces must confirm prior learning by issuing a statement of results or certifying a work experience record.

TARGET AUDIENCE

Target groups identified include learners with a National Qualifications Authority (NQF) Level 4 qualification or persons who have been working in the supply chain wanting to formalise their skills and knowledge as an entry into a career path leading to international recognition.

COURSE DELIVERY AND ASSESSMENT

We use in-classroom, virtual classroom and blended interactive facilitated training sessions, group discussions, assignments, case studies and self-study to embed skills.

Integrated Assessment:

Learner competence must be demonstrated through a variety of assessment tasks required for the qualification such as written assessment of theory and practical demonstration of competence.

Internal Formative and Summative Assessment:

The Skills Development Provider will use the curriculum to guide them on the stipulated internal assessment criteria and weighting. They will also apply the scope of practical skills and applied knowledge as stipulated by the internal assessment criteria. Formative Assessment is conducted throughout to ensure transfer of knowledge, while Summative Assessment is conducted at the end of each Module to determine practical application of knowledge. These results are formally recorded and result in the issuing of the Statement of Results for entrance into the External Integrated Summative Assessment.

External Integrated Summative Assessment (EISA):

An EISA, conducted through the relevant Quality Council for Trades and Occupations (QCTO) Assessment Quality Partner (AQP), is required for the issuing of certification for this qualification. The EISA will focus on the Exit Level Outcomes and Associated Assessment Criteria. The EISA will be conducted through a written assessment that will assess theoretical knowledge and practical application of this knowledge at an assessment centre accredited by the QCTO and conducted by an Assessor registered by the AQP.

Exit Level Outcome 1

Develop and coordinate supply chain operational plans and schedules

Associated Assessment Criteria

- Develop operational schedules that cover all functional responsibilities and align them with operational plans and performance objectives
- Describe processes for the coordination and communication of supply chain operational schedules implementation

Exit Level Outcome 2

Assess execution of supply chain operational schedules

Associated Assessment Criteria

- Evaluate supply chain operational activities and indicate re-scheduling processes
- Draft requirements for contract implementation and service level agreements monitoring
